

ITALIAN PARLIAMENT TO SUPPORT ORLANDO

HIS GOVERNMENT GETS UNANIMOUS VOTE CONFIDENCE

Premier Tells Events Leading to Crisis in Peace Meet.

By Associated Press Leased Wire
Paris, April 30.—The moderate tone of Premier Orlando's speech in the Italian parliament produced a good impression here, and the prospects of a settlement of the differences over the Italian problem are regarded in French circles as the peace conference as distinctly better.

CONFIDENCE IN ORLANDO
By Associated Press Leased Wire
Rome, Tuesday, April 29.—(Delayed)—Premier Orlando's government was given a unanimous vote of confidence in the Italian senate tonight, following the vote of confidence given him in the house of deputies. A great demonstration followed the premier's address before the senate.

Premier Orlando's work at the peace conference in Paris received vindication in the chamber of deputies here tonight when a vote of confidence was given him, 382 to 40. The ballots opposing the resolution were cast by the intransigent socialists.

Situation "Very Grave."
The premier laid before the parliament the details of his demands for Fiume and the Dalmatian coast district to which Italy has laid claim. He began by saying that the international situation was grave at present, adding that it was "very grave" for Italy. He said that it was the duty of Italy to preserve an attitude of "calm and serenity" at the present moment.

An outline of the exchanges between himself and President Wilson was given by Signor Orlando, who made it clear that the president's action in making public his statement as to Italy's claim to Fiume had made it impossible either to accept or reject any proposals that might be made. He said he believed it his duty to come at once before the parliament to receive authority in carrying forward his work at the conference. Up until April 14 when he received from President Wilson the American viewpoint on Fiume, he said he thought an agreement was probable.

France and Britain Loyal
In the course of his address the premier spoke of the attitude taken at Paris by the British and French governments, which he said had been loyal to promises made in the treaty of London, which was framed in 1915. He admitted, however, that both France and Great Britain do not stand with Italy in her demands for the annexation of Fiume.

ASSEMBLY VOTES \$25,000 TO GIVE 33RD A WELCOME

By Associated Press Leased Wire
Springfield, Ill., April 30.—By unanimous vote the house today passed the Cliffe bill appropriating \$25,000 to pay the expenses of a welcome to the 33rd division and the 149th field artillery of the 42nd (Rainbow) division. The measure was sent to Governor Lowden for his signature. It was expected to be signed before night.

Every effort of the state authorities is being expended to obtain from the war department permission for the Illinois units, now enroute home, to park at Chicago before being demobilized.

Zion Appropriation Made
The house also passed 112 to 1, the bill appropriating \$5000 for the investigation of Zion City. The negative vote was cast by Representative McCabe.

With out opposition the house adopted a resolution of Representative J. W. McCarthy directing the department of public works and buildings to include in any canal or waterway improvements undertaken that part of the Illinois and Michigan canal extending from the intake at the Chicago river to the upper pool at Joliet.

Representative Robbins' bill validating community high school districts made illegal when the supreme court knocked out the community high school act of 1917 was passed by the senate 42 to 0, today. The measure now goes to the governor for his signature.

After the brief business sessions, the senate adjourned into joint session to hear pleas for revenue increases. It was decided to permit Chicago school authorities to speak before representatives of down state bodies.

Lewis E. Larson, secretary of the Chicago school board, made the opening address.

Mr. Larson said the Chicago schools faced a budget deficiency of \$2,000,000 with a similar deficiency hanging over from 1918 and urged a \$2 tax rate to take care of the situation. His position was seconded by A. R. Shannon, attorney for the board.

THE GERMAN DRIVE HAS FINALLY GOT TO PARIS

BOMBS SENT TO PROMINENT MEN ARE DISCOVERED

By Associated Press Leased Wire
Washington, April 30.—Postoffice inspectors at New York reported today the discovery there of seventeen infernal machines put into the mail addressed to prominent officials, including officers.

One of the machines is understood to have exploded during examination, but without causing great damage. All were similar to the bomb sent to former Senator Hardwick of Georgia, which when opened at the Hardwick home blew off the hands of a negro maid and injured Mrs. Hardwick.

Among those to whom the deadly packages were addressed were Postmaster General Burleson, Secretary of Labor Wilson, Attorney General Palmer, Commissioner General Camminetti, of the immigration bureau; Mayor Hylan of New York; Governor Sproul of Pennsylvania; John D. Rockefeller, J. P. Morgan; Solicitor General Lamm, of the postoffice department and F. C. Howe, immigration commissioner at New York.

The discovery followed an investigation ordered after news came of the Hardwick bomb explosion. The packages bore labels of Gimbel Brothers store and were sealed, but did not have sufficient postage. This caused postal officials to notify Gimbel Brothers, who disclaimed ownership of the packages and said the labels were forged.

Same May Have Gone.
Seventeen packages were pulled out of the mails, but postoffice officials fear that some others may have had sufficient postage and have gone through the mails.

Associate Justice Holmes of the United States Supreme court was another of the prominent intended victims. Most of the other packages were addressed to officials or men prominent in private life.

Louis Bryan was a passenger to Chicago this morning.

THE WEATHER

WEDNESDAY, APRIL 30.
Illinois—Showers tonight, probably clearing Thursday morning; cooler in south portion Thursday.

LOCAL TEMPERATURE.

Maximum and minimum temperatures registered by the government thermometer in Dixon in the 24 hours ending at 4 p. m. each day, and rainfall, if any, are:	
Saturday	75 52
Sunday	69 37
Wednesday	73 37
Thursday	50 20
Monday	55 36

MAY CONSIDER PEACE PACT WITHOUT ITALY; FOE DELEGATES COME

China-Japanese Dispute is Brought Before Big Three Council.

BULLETIN

By Associated Press Leased Wire
Paris, April 30.—Announcement was made shortly after 2 o'clock this afternoon that the dispute over Kiaochow had been settled. No details were made public.

By Associated Press Leased Wire
Paris, April 30.—Up to mid-afternoon no further announcement regarding the Kiaochow agreement had been made. It is understood that the plan contemplates the giving of Kiaochow to the Japanese in the peace treaty with an arrangement for its return to China under certain conditions within a stipulated time.

SIGN PEACE WITHOUT ITALY

By Associated Press Leased Wire
Paris, April 30.—It is planned in peace circles to go ahead with the treaty of peace without regard to any action by Italy as it is considered probable the Italian delegation will not return, certainly not within the present week. The delivery of the treaty and the first exchanges with the Germans therefore will occur without the participation of Italy and it is said in American quarters that this procedure will go forward steadily up until the signing of the treaty. The first reading with the Germans will probably occur Friday afternoon or Saturday when the pact will be presented.

To Interpret Treaty.
A day or two will be given for questions concerning interpretations of different phases of the convention without, however, involving a prolonged discussion. The French view is that the Germans may ask for two weeks' delay to permit them to return to Weimar with an additional week for discussing points presented after their return from the temporary German capital. This is a matter of conjecture, however, as there is no precise information as to Germany's intentions.

German Position Uncertain
Reports from Berlin reaching the American delegation are somewhat contradictory concerning Germany's purposes as some reports indicate that an early signing of the treaty is probable while others say that it is doubtful whether the pact will be signed at all. These reports, coming from the different sources, indicate a lack of concerted attitude as to the treaty and show there is disposition to leave the decision largely with the German plenipotentiaries.

(Continued on Page Five.)

ALL BREWERIES TO BE WATCHED BY U. S. AGENTS

By Associated Press Leased Wire
Washington, April 30.—Agents of the department of justice have been instructed to obtain evidence showing what brewers continue to manufacture beer after midnight tomorrow when prohibition of the use of foods in manufacture of beer, wine or other intoxicating liquors becomes effective.

Manufacturers of wine or beer who continue to operate after May 1 will do so at their own risk, although the department has not indicated any intention of causing immediate arrests.

This evidence may or may not be used in prosecution of brewers, depending largely on what the federal court in New York decides in the beer case now pending there. Whether production of near beer after tomorrow midnight is prohibited, the department of justice has not ruled.

The act of November 21, 1918, considered by the department of justice previously as a food conservation measure, provides that "after May 1, 1919, until the conclusion of the present war and thereafter until the termination of demobilization, the date of which shall be determined and proclaimed by the president of the United States, no grains, no cereals, fruit or other food product shall be used in the manufacture or production of beer, wine or other intoxicating malt or vinous liquor for beverage purposes."

EARTHQUAKE IN SALVADOR GREAT AS THAT OF 1917

By Associated Press Leased Wire
New York, April 30.—Cable reports received by the South American Cable company indicate that the earthquake which occurred in San Salvador two days ago may prove as disastrous as the great quake of 1917. It was said at the offices of the company today. No details have been received but the company's agent in San Salvador cabled that the damage was extensive, the disaster apparently rivaling that of 1917.

SEVERE SHOCK RECORDED.

By Associated Press Leased Wire
San Jose, Calif., April 30.—An earthquake of rather severe intensity, not more than 400 miles distant, was recorded early today at Lick observatory, Mount Hamilton, near San Jose. Professor William Wallace Campbell said an exceptionally fine record indicating the distance was made on the seismograph, the shock occurring at 12:51 o'clock and continuing 45 minutes. The main direction of the shock was north and south.

FOUR CHICAGO BANDITS TAKEN IN GUN BATTLE

Lee Co. Authorities Took Bad Men At Franklin Gr.

Four Italian auto bandits from Chicago were captured yesterday afternoon about two miles west of Franklin Grove by Deputy Sheriff Angier Wilson and Joe E. Miller, Chief Van Bibber, William Rausch, Guy Pelton and a representative of The Telegraph. After a running chase across country, three others who were in the gang are thought to have escaped and returned to Chicago, passing through Dixon last evening on the Sterling passenger and then taking another train east.

The suspicion of Deputy Joe E. Miller was aroused at about 2 o'clock yesterday afternoon when a big seven-passenger Buick car was driven up to his garage and the occupants offered to pay him one dollar an hour until such repairs were made on the car as was necessary. The machine shop was filled and Mr. Miller notified them that he would be unable to do the work. The engine of the car was at that time damaged considerably and the garage owner became suspicious and made note of certain number on the car.

While Miller was putting down the numbers, the parties also became suspicious and drove east on First street to Democrat avenue, turning south to the Franklin road and again turning east to leave the city. Mr. Miller tried to connect the numbers with several stolen cars but was unable to do so and then with Pelton, started in pursuit of the car. They were unable to find the car in town and Mr. Miller reported the matter to Sheriff Schoenholtz. The police were investigating another matter at the Miller garage when a call was received from a farm not then and is still at large with the near Franklin Grove, announcing that several men had abandoned a big Buick car along the side of the road and were walking east along the North-Western right of way.

Posse From Dixon.

Two cars set out immediately from the Miller garage carrying Deputies Miller and Wilson, Chief Van Bibber, Pelton and Rausch. About two miles west of Franklin Grove the men could be seen walking toward the village along the tracks. The cars were stopped and the pursuers struck out across country to the tracks. The Chief, Deputy Miller and Rausch overtook two members of the gang, handcuffed them and returned them to the car but not until they had threatened the deputy; and one of the men pulled off his coat to fight even after he had been cuffed.

Deputy Wilson started east on the tracks for two men who were headed into Franklin and Pelton and a member of The Telegraph started across country, running about a half mile after two more who had separated and were trying to make their escape by running toward the camp meeting grounds. Guns played an important part in stopping the bandits and they were escorted back to the tracks. The two men stopped by Wilson were not members of the party and three others who had been in the car could not be located.

Running Gun Fire.

The first two were taken entirely by surprise and gave up without an argument. The latter pair would doubt.

(Continued on page 4.)

WORKED NEW GAME ON AUTO DEALER

While the Chicago auto bandits afterwards captured, were driving through the streets in a big seven-passenger Buick car yesterday, a new species of auto grafter, made a very successful call at the Pontius garage in the rear of the Dixon Inn. About 10:30, a stranger wearing a ragged grey suit with a slouch hat, came into the garage and engaged Mr. Pontius in conversation.

He presented a very believable story to the effect that he was employed by a man who was about to unload a car load of automobiles at the North-Western freight depot. In shipment, he told of the tires being cut and asked to take three good 34x4 inner tubes for use until the cars were driven down town and placed in storage.

Mr. Pontius listened to his story and finally loaned him the new inner tubes. The stranger went to the depot where he checked a suit case to Peoria, giving the name of L. Linzu. Mr. Pontius met him at the depot and inquired about the car load of machines and was told the car had not been set by the switch crew as yet but that the automobiles would be unloaded in a short time. Tubes, stranger and other tools are missing with no possible clue. The stranger told the same story at the Rausch machine shop in Dementown when he asked for the use of a new magnet.

TO REFEREE MATCH.

Dan Wolfe of this city, who recently was discharged from the navy, has been engaged to referee the wrestling match at Sterling tomorrow evening between Joe Stecher, former world's champion, and Sampson. A number of Dixon wrestling fans will attend.

COUNCIL WILL ACT TO ABATE SMOKE IN EAST END OF CITY

Ordinance Governing All Taxi Cabs Also Considered.

The city council, at its regular weekly meeting at the city hall last evening, gave considerable attention to matters of public import; and it was decided to take immediate steps to abate the smoke nuisance, which has been very annoying to the residents living in the vicinity of the east end factories; to donate a lot in Oakwood cemetery for the burial of dependent soldiers of the world war; and it was also practically determined that an ordinance regulating and licensing the taxi cabs in Dixon is needed.

As soon as the meeting was called to order, talks were made by Albert Borst, of the local Borden plant, and A. P. Arrington. These men favored the securing of a lot in Oakwood cemetery to be used as a burying ground for dependent soldiers. Mr. Borst said in part:

"In speaking in behalf of the returned soldiers of Dixon and of Lee county as well, I am of the opinion that it is nothing more than right that a lot be provided in Oakwood cemetery for the burial of soldiers who have been in the service and have been honorably discharged. I believe that this lot should be used principally for the burial of dependent soldiers as in the case of Sergeant John Moss, who is to be buried Wednesday morning. I would ask that the mayor and members of the city council give this matter their consideration."

Mayor Smith in answering said: "What Mr. Borst has just said has received the consideration of everybody and I am of the belief that this body has the right to appropriate a lot in the cemetery for this purpose. The city could do this much for the soldiers of Dixon and Lee county."

May Ask County Aid.
Commissioner Campbell suggested that the council consider the matter and take it up with the county board of supervisors thus making a provision that soldiers of Lee county could be buried in this lot. He also suggested that the members of the G. A. R., and of the Spanish-American War Veterans (Continued on Page Four.)

ALLEN ALBERT DID GREAT WORK FOR GOVERNMENT

Man Who Speaks Here Tomorrow Evening Famous.

Those who attend the big community meeting arranged for tomorrow night at the city hall at 7:30 o'clock will hear as speaker one of the conspicuous figures of wartime—Allen D. Albert, who under the Commission on Training Camp Activities visited for the government practice every city of importance in the United States in the interest of the sailor, soldier and marine.

How the government came to pick him as the best man to handle this particular job is an interesting story. At the time the war started, Mr. Albert was probably the highest paid community expert in the country, which means a man who can unerringly put his finger on the pulse of a community, tell what ails it and prescribe a cure.

If the manufacturers of a town find that 60 per cent of their working force has to be replaced every two years, Mr. Albert can put his finger on the condition behind the death rate, and show how to overcome it. If every few years the town outgrows its schools, and finds itself facing the necessity of buying new sites and erecting new buildings, Mr. Albert gets busy and plans a school which could stand on the same site for years to come, yet provide for the yearly increase in population.

He has been called in to perform just such services for over 450 cities of the United States and when the government officials needed someone who

(Continued on page three.)

FIRST BURIAL ON CITY'S HERO LOT

Sgt. John Moss, the young former Company C member, who died at the Dixon hospital Sunday, and who was given military funeral services at St. Patrick's Catholic church this morning, was the first to be buried in the big lot at Oakwood cemetery dedicated by the city council to the dependent and homeless soldier dead. At last evening's meeting of the council it was determined to make such provision for a lot, and this morning Mayor Smith and Commissioner Campbell picked out the plot and ordered the young soldier laid to rest there.

R. R. WON OLD SUIT.

J. M. Egan, of Amboy, has returned from Chicago where he was called to testify in the law suit of the Yazoo & Mississippi Valley Railway against the City of Chicago for damages sustained by the company in the strike of 1894. A verdict of \$4,344.30 was returned by the jury in this suit which had been resubmitted by the new deferral judge, George T. Page.

STORY OF KILLING IS TOLD JURY

Witnesses Describe the Shooting of George Bush.

BULLETIN

The state unexpectedly rested its case at 2 o'clock this afternoon and Attorney Gannon made an opening statement for the defense, in which he said he would prove that the defendants had nothing to do with the shooting and that Johnson tried to dissuade Wilson from shooting. It is probable all the evidence will be in by night and that the attorneys will begin their case.

THE JURY.

Frank Ambler, Wyoming.
Robert Millen, Willow Creek.
James Keefer, Amboy.
John Blackburn, Marion.
Fred Rhodes, South Dixon.
John Kelley, Franklin Grove.
George Wagner, Ashton.
Eara Withers, China.
Arthur Wells, Wyoming.
Charles Hunt, China.
Will Tryeman, Wyoming.
Alex Fisk, Wyoming.

A crowded court room heard State Attorney Harry Edwards make his opening statement to the jury in the trial of R. E. Johnson and J. M. Lucas are on trial for the killing of George Bush, also colored, in the go and Northwestern railroad. Nelson on the evening of December last. The two colored men went in court and heard the prosecutor's fiery denunciation of the murder such as is without equal in the annals of the county. The state poses to put 8 or 10 witnesses on stand, four of whom testified morning. The state's testimony was completed by this evening and in its testimony by the middle of the day tomorrow, as the defense will put but few witnesses upon the stand.

No Defense Statement.

Attorney Gannon, for the defense, made no opening statement to the jury but will probably outline his defense when he opens his testimony tomorrow.

Edwards States Case.

State's Attorney Edwards, in his opening statement, told the jury that the state expects to prove that the killing of Bush at Nelson last December and the events leading up to the killing were as follows:

That Hampton (Curley) Wilson, now a fugitive from justice, R. E. Johnson and Al Lucas, all colored, were employed last winter as laborers at the railroad yards at Nelson. That George Bush, colored, was also employed there. That Lucas and Johnson, who were discharged some time previous to December 6, went to the home of Sam Starks, colored, living near the cement plant east of Dixon. That Bush, just before December 6, quit his job at Nelson but was waiting there for his pay check. That Bush, Wilson and others became involved in a row over a crap game and a revolver, and that Bush got the gun. That Wilson proceeded to the home of Sam Starks, east of Dixon and solicited his differences with Bush, and that soon afterwards Johnson and Lucas proceeded to Nelson by train. That William Bush, colored, a resident of Dixon for over 25 years, was on the train at the time, on his way to Nelson where he worked nights. That William Bush is well known and bears a good reputation in Dixon. That both Lucas and Johnson were armed with revolvers. That William Bush asked Johnson and Lucas what they were going to Nelson for and that Johnson answered, in substance, that they were going down to (Continued on Page 5.)

30 AVIATORS ENTER \$30,000 CONTESTS

By Associated Press Leased Wire
Atlantic City, April 30.—Between 25 and 30 aviators have entered the aerial contests for purses aggregating \$30,000 in cash which will begin here on Saturday and continue almost daily until the last of May. The contests are to be held in conjunction with the second annual convention of the Pan-American Aeronautical association which will open on Thursday.

Execute U. S. Officer for Attack on Girl

By Associated Press Leased Wire
Paris, April 30.—A Havas dispatch from Dijon states that American army authorities at Is-sur-Tille, a village near that city, have sentenced and hanged an American lieutenant for an assault upon a little girl who died in consequence of the injuries received.

EIGHTH GRADE GRADUATION—

Tomorrow evening at Moose hall will be held the eighth grade graduation of the season, that of the Stony Point, Levan, Duffs, Walker, Leonard, Will, Eldena, Nelson and Cook schools. The teachers are Misses Margaret A. Burke, Estella M. Levan, Frances M. Levan, Nelle B. Ryan, Ethel Bollman, Julia C. Brechon, Agnes B. O'Malley, and Harriett P. Drew and Mrs. Eliza. beth K. Moulton and the young people who have completed the course under their supervision are the Misses Alice M. Stanley, Blanche P. Ide, Florence R. Fisher, Frya Black, Grace Peugh, Zita M. Henry, Margaret Small, Ruth Emmett, Florence M. Koser, Ruth L. Johnson, and Messrs. Elwin J. Levan, Elmer A. Levan, Edward B. O'Malley, William W. Hoyle, Miller Reed, Carl Kron and Lyle Siebolt.

Miss Zita M. Henry of the Will school has the honor of giving the Salutatory and Elwin J. Levan of the Duis school the Valedictory. Attorney Harry Edwards will give the address of the evening. Other program numbers will be furnished by the orchestra and a number of Dixon talented folk. Mrs. W. G. Kent will sing, Miss Ruth Dimmick will play a clarinet solo, and Miss Grace Peugh will give a piano solo. The class prophecy will be given by Byrne O'Malley. Mrs. Edna Charles will sing, Claude Sebree and Reuben Levan will render a violin duet, and Miss Rita Webster will give a reading. There will also be the singing of the national hymn by the audience. County Superintendent L. W. Miller will present the diplomas.

FOR BIRTHDAY—

Miss Mable Kling entertained a few friends Monday evening, the occasion being her birthday. The color scheme for the house decorations, which were very attractive, was blue and white. On a plateau in the center of the table stood a large Kewpie wearing a blue sash and carrying a little blue and white basket filled with violets. The plateau was strewn with violets and ferns and around it were placed the birthday candles, snuggled in beds of violets. From these were streamers of blue ribbon, terminating at the place of each guest in a bunch of violets, given as favors. The place cards were in blue and white and on each was a stanza of poetry demanding some sort of "stunt" from each guest. These furnished much amusement. Dainty refreshments were served by the hostess. The remainder of the evening was very happily spent in music and games. The guests whose best wishes for many more happy birthdays for the hostess rounded out the entirely delightful evening included the Misses Hazel Dillon, Bernice Thoma, and Ruth Kling, and Messrs. Harry Emmert, George Algar, and Henry and Albert Frerichs.

U AND I CLUB MET—

The members of the U and I club and three guests, J. A. Chronister, Elwood Shultz and Josephine Whitish, spent a cozy and pleasant evening Tuesday as the guests of Mrs. D. H. Ditzler. Games offered diversion, in addition to the usual run of social chat. Some of the members also bustled themselves with their fancywork. Delicious ice

ple View with friends and relatives.

RETURNED TO STERLING—

Miss Ethel Cosy returned to Sterling Monday after spending the week-end with her cousins, the Misses Snyder.

M. W. A. DRILL TEAM MEETS—

The Foresters' Drill team of the Modern Woodmen will meet this evening in Miller's hall at 8 o'clock for practice.

ON FURLOUGH—

Harold Wadsworth of Effington Field Texas, is here on a thirty-day furlough visiting his parents, Mr. and Mrs. R. H. Wadsworth.

AT PRESBYTERIAN MANSE—

Miss Alice Soller, of Danport, Ia., is visiting at the home of Rev. and Mrs. Jesse M. Tidball.

IN STERLING—

Mr. and Mrs. W. H. Lenox spent Sunday in Sterling with the former's sister.

PRACTICAL CLUB—

The Practical club will meet with Mrs. G. P. Powell of E. S. Second-street Friday afternoon. Mrs. H. L. Fordham will have the paper of the afternoon.

PHIDIAN ART CLUB—

The Phidian Art club held a meeting yesterday at the home of Mrs. M. P. Vail.

AT C. D. MORRISON HOME—

Mrs. Matthews and children, of Chicago, are guests at the C. B. Morrison home in Bluff Park.

VISITED NIECE—

Mrs. C. F. Gregory, of Amboy, transacted business in Dixon yesterday and visited her niece, Mrs. J. A. Taden.

BE JOLLY CLUB—

A meeting of the Be Jolly club was held today at the home of Mrs. S. W. Miller.

CITY BRIEFS

Daughter Born—A seven and a half pound baby girl was born to Mr. and Mrs. A. Huggins, 84 Harrison avenue, Saturday morning.

Train Killed Woman—The Sterling passenger, east bound, struck and killed a middle aged woman at Elmhurst, a suburb of Chicago, yesterday morning. The woman attempted to cross the tracks ahead of the train which does not stop at Elmhurst.

To Camp Meade—Private (first class) Lawrence Kelly, of this city, will leave Minneapolis today for Camp Meade, Md., having finished the tour with the tanks used to forward the "Liberty Loan" campaign.

Has the Measles—John Dixon, son of Attorney and Mrs. George C. Dixon is confined to the house by an attack of measles.

R. & S. Masters—Dixon Council No. 7 Royal & Select Masters will meet in regular session tomorrow evening at 7:30 o'clock.

Mistake in Name—In the report of the I. O. O. F. anniversary social, published in last evening's Telegraph,

Charles Hey was given credit for the history of Dixon, lodge, instead of C. W. Day.

St. Paul's Choir—The choir of St. Paul's church will meet at 7:30 o'clock Thursday evening for rehearsal instead of on Friday evening.

ALLEN ALBERT DID GREAT WORK FOR GOVERNMENT

(Continued from Page 1)

could reach the communities with the message they desired to convey, he was the person who immediately occurred as the right man to fit the need.

For the same reason Mr. Albert has been secured by the new state-wide organization, The Community Councils of Illinois, to act as special representative in the work of building up a state-wide system of Community Councils. His eloquence as a speaker draws big audiences, and his unusual experiences give him an interesting and diversified fund of information to draw upon, while making him an invaluable advisor, in mapping out community programs.

Dixon, through its progressive organizations, has been one of the first cities in Illinois to take this advance step in community council planning, and Mr. Albert, when he speaks here does so at the invitation of our city's most active bodies of men and women.

Among the Ashton visitors in Dixon today were: John Thome, Adam Strube, George Banker, Philip Eireich, Mr. and Mrs. Del Knapp.

TOO LATE TO CLASSIFY

WANTED—Stock to pasture. Blue grass and running water. C. E. Lenox, Phone 3110. 10213*

THE PROMOTER'S WIFE

By JANE PHELPS.

MRS. POWERS HAS DROPPED NEIL AND BARBARA FROM HER LIST

CHAPTER LXXXI.

"What do you mean, that Mrs. Powers asked her husband to look Neil's business up?"

"Yes." Then: "That is, his business record."

"Why should she interest herself?" "Because she liked you, and was hesitating about asking you, and Forbes to one of her select affairs. It sounds awfully harsh, but she told him after he had made his report that she should drop you from her list."

"I almost groaned aloud. This was the woman whom I had hoped to have help in my social aspirations; the woman whom I had planned to invite to my home in the hope she would give me parties to eat. Thank God I had a friend like Mr. Frederick. Mortifying as it was to have him know it was better than the embarrassment which would have been mine had I tried to put my plans into effect. Lorraine Morton had been careful not to hurt me too much. Perhaps Mrs. Powers had talked of us. Mr. Powers had warned her father, perhaps his wife had warned Lorraine."

"Please don't look like that," Mr. Frederick said after a moment. "I had to tell you—that was why I went to Powers after you told me of your intention to try to get into society. I wanted to save you, I have seen, even when I live, how it has hurt women when they tried to get into certain sets and failed. Why do you care about it?" He spoke fiercely, as if he resented the fact that I wanted to be somebody, instead of my failure, altho I knew he did not mean it that way. "What does society do for you women anyway? It makes slaves of you, dressing, entertaining, and going here, there and everywhere, not because you care for it but because Mrs. Somebody else does it, and so it is the thing to do. It doesn't amount to much in the long run. I can't believe it would with you. You have your lovely home, your boy, your friends. Why not be contented?"

"If all you indicate is true I shall have no beautiful home, no friends."

"Nonsense. Don't talk like that, nor allow yourself to feel that way. Your friends are still the same when you are in trouble that they are when you do not need them. As for your home, it is too early to think of losing that—it may come, I don't know of course to what extent Forbes is involved; or will be before he either calls a halt himself, or is compelled to. I hope he will do it himself. He is very stubborn, very im-

patient of not only reproach but of advice. I can appreciate how hard it is for him to give up such a source of wealth; but unless he goes straight he will have to. He can be a promoter and go straight. I have known many who did—but they never were very rich men. At times they would make considerable, at others, scarcely a living, 540 per cent men are not honest men in any business. What a dry person you must think me. What a lecturer I would have made." He smiled whimsically at me, then: "Come, take a ride then meet me and your husband at Mordaunt's at lunch. I have an appointment with him. Perhaps it would be as well to say nothing of what we have discussed to him. I will say I dropped in and invited you to join us."

"Thank you, I will be glad to come!" I said absent mindedly. I scarcely heard his good bye, or felt his hand clasp so intent was I upon my thoughts. Not agreeable ones, as you can well imagine.

I dressed simply, but carefully. I wore no jewels, not even a brooch. I would not give people occasion to talk of our extravagance. Just as I was about to start Lorraine came in.

"Drive down with me, then Thomas will take you home," I urged.

"That will be nice. So that Mr. Frederick is here again. I liked him immensely that night I met him at your dinner party. He rang true. Something a good many do not now-a-days." She bit her lip, and immediately commenced to chat of something else. It wasn't like Lorraine to make such a tactless remark.

Tomorrow—Lorraine Makes a Fourth at Luncheon.

They heat where others fail!

On many stormy days last winter you would gladly have given \$100 more if you could instantly have exchanged your old-fashioned, tried-and-found-wanting heating device for the genuine, guaranteed comfort-giving, fuel-economizing domestic labor-saving outfit of

AMERICAN & IDEAL RADIATORS & BOILERS

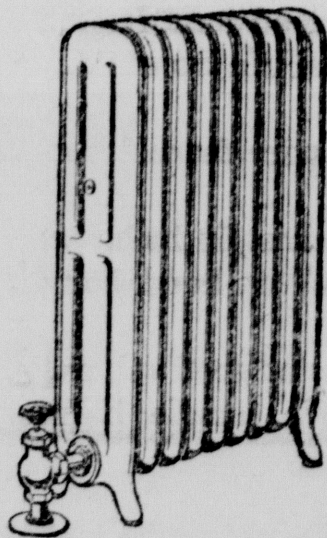

It pays big to give 15% more rental for an IDEAL-heated building

IDEAL Boilers and AMERICAN Radiators soon repay their cost in fuel economies and absence of repairs. Made throughout of high-grade iron; nothing to wear out or rust out. Every feature of their construction has been tested and its value and efficiency definitely established in our laboratories, here and abroad. No "cold-side" to the house—no drafty floors or chill corners.

No need to burn high priced fuels

You don't have to buy washed, hand-picked, high-priced coal—you can burn the cheapest fuel and get out of it the full heating power it contains. IDEAL Boilers and AMERICAN Radiators can be put in old buildings as well as new, large or small, farm or city; no tearing up.

If weary of blackening, repairing, and scuttle-lugging, our free book "Ideal Heating Investments" tells much that it will pay you big to know. We announce 25% price reduction to stimulate building and remodeling, and to aid in employing demobilized men. Act now, while you get the services of skilled fitters and before the big building wave is here!

IDEAL Boilers and AMERICAN Radiators change any house into a home. Comfort at a turn of the valve.

Sold by all dealers
No exclusive agents

3million dollars

for a phonograph!

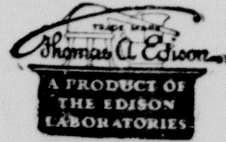

THREE--MILLION--DOLLARS! That's what it cost to perfect an instrument which would RE-CREATE music so faithfully that no one could tell whether it was the living artist he heard or the phonograph—when he heard one pitted against the other. Add to the three million dollars Thomas A. Edison's experience and genius and you see how much was required to evolve

The NEW EDISON

"The Phonograph with a Soul"

"Now go ahead and build replicas" said Mr. Edison to his staff when he had finally achieved an instrument which would meet the tone test. "Call it the Official Laboratory Model and uphold the standard I have set to the last detail."

We're displaying this \$3,000,000 phonograph in our store. Come in and see it. If you conclude to purchase and prefer to make payments at intervals you'll find we can meet your needs.

60c; all payable strictly in advance.

OUR GREATEST CEMETERY.

The greatest of American national
cemeteries is being established in
France, north of Verdun, about midway
between St. Mihiel and the Argonne for-
est, the two places where the American
army won its most famous victories.
The population of that hero-city is being
assembled. There will be 25,000 men,
nearly half of all our war-dead, and more
than half of those killed in battle.

Our greatest cemetery in this country
is Arlington, outside the national cap-
ital, where there are 20,000 men buried,
nearly all Civil war veterans. Vicks-
burg and Nashville come next, with 16,
000 each. The Gettysburg burial ground,
marking the greatest of our Civil war
battles, has less than 4,000.

The original intention was to bring
back home the bodies of all the Ameri-
cans who fell in France. The plan has
been changed because the task would be
difficult, and because it seems more fit
and proper to let them lie where they
fell, in the soil they died to defend.
Theodore Roosevelt preferred this for
the remains of his son, and most of the
bereaved families seem to prefer it.

The cemetery will be an everlasting
reminder to France and a bond between
the two nations. It will be a place of
pious pilgrimage for millions of Ameri-
cans. The name is difficult, "Romagne-
sous-Montfaucon" they call it, and
about the nearest an American can get
to its pronunciation is "Roman-soo-
fo-song." But inasmuch as it will
be a bit of America in France, perhaps
it will give it an American name.

They say coal will be higher, rather
cheaper later in the year. We may
utter and argue, but we better buy
coal while we can and argue when we
have more time. For the argument
will be effective only as exercise for our
vocal chords.

General Grant's great phrase, "I
shall fight it out on this line if it takes
all summer," is not a fair inspiration
for peace conferees.

Bakers say the reduction in the price
of flour does not mean cheaper bread.
Cost of flour affects the cost of bread
only when going up.

20 YEARS AGO IN
DIXON TELEGRAPH

20 YEARS
Small fire discovered in the base-
ment of Rowland Brothers' drug store
by Policeman Charles Ball. A similar
blaze was discovered there just one
year previously to the day.

Maximum and minimum temperatures
for the day: 59 and 53.

James Ballou is now on duty for the
week at the fire hall while Marshal De-
rick is absent in his capacity as health
officer.

Frank King passed away suddenly at
his home, 322 W. Third street.

Cliff Olson, a young man employed
on the Frank Dodson farm eight miles
southeast of Ashton, was killed by
lightning which struck the house and
injured several other members of the
household.

John W. Null received word of the
death of his father, Albert Null, for-
merly of Dixon, at Racine, Wis.

TEN YEARS AGO IN
DIXON TELEGRAPH

S. W. Youngman, G. O. Fuestman
and Tim Sullivan applied for incorpora-
tion papers for the Dixon Poultry as-
sociation, the object of which was to
promote exhibitions of pure bred poultry.

M. R. Schenck opened a new
meat market at 902 First street.

Maximum and minimum tempera-
tures for the day: 44 and 37.

C. P. Horrick, of Polo, opened a
Board of Trade office in the Shaw
building, which C. D. Anderson of Free-
port is in charge.

GREAT OPPORTUNITY
IN U. S. AIR SERVICE

Charles J. Glidden, captain of the Air
Service of the United States Army to-
day telegraphed The Telegraph from
New York:

"All men who wish to take part in
the development of the nation's air ser-
vice as aviators or dirigible balloon pi-
lots, chauffeur, mechanic, or in work
at some thirty other trades required in
the air service, by sending their names
and addresses in care of the Department
Air Service officer, 104 Broad street,
New York, immediately will receive an
important communication on the subject
which I have prepared after serving as
an officer several months in the United
States Army flying school at Southern
Field, Americus, Ga., and at the United
States Army Balloon school at Fort
Omaha, Neb."

Commencement invitations should be
ordered early. Teachers and pupils call
at The Evening Telegraph office and
see samples.

FOUR CHICAGO
BANDITS TAKEN

(Continued from Page 1.)

less have made their escape had it not
been for a running gun fire from the
revolvers in the hands of the deputies.
When the four prisoners were in cus-
tody, the party proceeded to Franklin
Grove in an effort to locate the remain-
ing trio but without success. The quar-
tette were brought to Dixon and placed
in the county jail and the wrecked car
towed in to the Miller garage.

At the county jail the men gave
their names as follows:

John Gordinio, alias Gordon, Taylor
street, Chicago.

Tommy Pape, said to be Taglia, 1309
Gipin Place, Chicago.

Frank Permaritto, 1015 West Polk
street, Chicago.

Frank Romando, 1345 Gipin Place,
Chicago.

Detectives From Chicago

Detective William Doyle arrived last
night from Chicago and viewed the
prisoners at the county jail. He
suspects that one of the quartette is
a bandit known in police circles as
Taglia, but who in this case gave the
name of Pape. He is wanted in con-
nection with the Argo bank robbery
and has a bad reputation. Other mem-
bers of the party are not new offend-
ers and their pictures are contained in
the collection at the detective bureau.

An examination of the car by the de-
tective revealed the fact that probably
every number with one possible ex-
ception has been either changed or re-
moved. The car bore one license plate
which was issued for a Ford car be-
longing to A. Bernardino, 2944 Prairie
avenue, Chicago. Almost every mark
of identification had been removed and
the machine is damaged to the extent
of about \$500.

The four who were captured would
give no information as to where the
car was stolen. Their story was to the
effect that they were on their way to
Davenport, Rock Island and Moline to
secure employment and had paid the
driver, who was known as Tommy,
five dollars apiece for taking them to
Rock Island. Cards in their possession
contained a map of the route with the
names of the towns to be made. The
driver, according to their story, was
not taken and is still at large with the
remaining two members of the gang.

Upon arriving in Dixon they went to
the Watts taxi barn and sought re-
pairs but were directed to have left Chi-
cago yesterday morning about 3:30 a.
m. arriving in Dixon shortly after 1 o'clock.

Detective Doyle congratulated the
deputies on their capture and notified
them that they had taken one man
who was at this time considerably in
demand by the Chicago authorities. All
will be taken back to Chicago today.

Find Car Owner

Deputy Sheriff Joe E. Miller, who is
agent for the Buick cars, received
from the factory branch at Chi-
cago this morning information con-
cerning the car taken yesterday. The
Buick belongs to A. C. Nichols of Chi-
cago and was stolen from his garage
about a month ago.

Detective W. H. Doyle this morning
received word that following the theft
of the car about a month ago, several
Italians drove into a garage at 606 In-
dependence boulevard, Chicago, and
asked to have the gasoline tank filled.
The night watchman was alone at the
time and had started to fill the tank
when he was commanded to throw up

his hands. He complied, was bound
with wire and gagged, then placed in
another automobile. The bandits took
the entire stock of tires valued at about
\$800 and no trace of them had been
found until the arrest here yesterday
afternoon of four Chicago Italians.

The detective has identified some of
the quartette and was detailed on this
morning that he believed that
these four men are members of the
party who stole the car, then held up
the watchman at the garage and took
\$300 worth of tires.

Word was telegraphed from the cen-
tral detective bureau shortly before
noon, stating that additional detectives
had been detailed and were on their
way to Dixon to take the quartette in
custody. Detective Sergeants John
Sheehy and James Mullen of the au-
tomobile detail detective bureau are
also expected to come for the purpose
of further identifying certain members
of the gang.

CITY DADS HELD
A BUSY SESSION

(Continued from Page 1.)

he invited to assist in the selection of
a suitable lot in the cemetery. Mayor
Smith favored the donation of the lot
by the city and said the board of su-
pervisors, if sufficiently interested could
provide a suitable monument to be
placed on the lot, upon which the
names of the deceased should be car-
ved.

Commissioner Palmer presented a
motion in which Commissioner Camp-
bell was named to select a lot for this
purpose at an early date, the measure
receiving an unanimous affirmative
vote.

City Clerk Blake C. Grover read the
regular monthly bills against the city
amounting to \$2,878.85, which were al-
lowed.

Granted Licenses.

A long list of applications for li-
censes to operate pool and billiard
rooms in the city for the coming year
as recommended by the commissioner
of public health and safety, were read
and allowed. Applications from 22
proprietors of soft drink parlors within
the city were also read and licenses grant-
ed for the year. The books of City
Attorney Robert H. Scott, Chief Thom-
as Coffey of the fire department, Blake
C. Grover, city clerk and Miss Eleanor
Powell, city treasurer and stenographer
were read and approved by the coun-
cil.

The report of Commissioner John J.
Armstrong on the matter of extending
the water mains on Second street east
of Douglas avenue, was read. It show-
ed that the same matter had been tak-
en up by the old council and the water
company notified to install the service
within a reasonable time. The commis-
sioner was instructed to keep in touch
with the matter and see that the water
was installed.

The council adopted local improve-
ment ordinance 191 of the series of
1919, which provides for the construc-
tion of a vitrified tile sewer on Jack-
son avenue, south of Seventh street.

East End Smoke Trouble.

Mayor Smith then brought up the
subject of the east end smoke nuisance
and read section 504 of the city or-
dinances which reads as follows:
"Dense Smoke or Soot.—Any person
owning, using or having control of
any chimney or smoke stack in the city
of Dixon, who shall suffer or permit
dense smoke or soot to be emitted from
the same, shall be deemed guilty of
creating a nuisance and shall for every
such offense be fined not less than five
dollars, nor more than one hundred
dollars; and such person shall be liable
to an additional fine of ten dollars for
each and every day he shall suffer or
permit such nuisance to continue af-
ter the first conviction to continue af-
ter the first conviction of pub-

lic health and safety will take the mat-
ter up at once with the Reynolds Wire
company and the Dixon Water com-
pany. A smoke consumer has been
installed at the plant of the Dixon
Distilled Water Ice company and the
other concerns will be given a reason-
able time to remedy the nuisance.

This action is not done for an ar-
bitrary purpose, stated Mayor Smith,
"but the citizens in the residence sec-
tion in east end of the city have been
subjects to this nuisance for several
years. It is not fair to subject the
citizens to the nuisance longer than is
necessary and the action is not being
taken for the purpose of working a
hardship, but as a matter of justice
to the people."

Commissioner Slothower of the de-
partment of public health and safety,
stated that the ordinance would either
be enforced or repealed in this respect
and that he would assist the mayor
in every way to put an end to the
nuisance.

Taxi Cab Ordinance.
Mayor Smith notified the commis-
sioner that he had instructed City Attor-
ney R. H. Scott to draft an ordinance

relating to taxi cabs in Dixon and that
copies of ordinances would be secured
from other cities with a view of im-
proving taxi-cab conditions in Dixon.
Commissioner Slothower in speaking of
this matter stated that it was high time
that something be done in Dixon to
improve the character of taxi-cab busi-
nesses. He not only favors an ordi-
nance keeping them within certain
bounds, but the licensing of every taxi-
cab operated within the city.

The council adjourned into session as
board of local improvement and sealed
proposals for the concrete paving of
Everett street west of Galena avenue
to Upham Place were opened and read
by the mayor. There were two bids
on this work, that of Patrick H. Duffy
of this city and of the firm of Gund &
Graham, of Freeport. Friday morning
at 8 o'clock was the time specified for
the letting of the contract for this im-
provement.

Commencement invitations should be
sent to the Dixon Telegraph office and
see samples.

Cuban Workers Will
Celebrate May Day

By Associated Press Leased Wire

Havana, April 30.—May day will be
celebrated here by organized labor by
an almost complete tying up of indus-
tries where union labor is employed.
Street car traffic will be shut down for
24 hours, beginning at midnight to-
night; interurban cars and railway
trains will come to a standstill for 15
minutes and work will cease in electric
plants for the same length of time.
Not a single newspaper will be pub-
lished, their linotypists, printers and
other union employees having presented
written notice that they will cease work
at 6 o'clock tonight.
No trouble is anticipated.

Will our Colorado subscribers please
look at the little yellow tag on their Tel-
egraph. It tells the exact date to which
your paper is paid.

Have you ever heard this?

"My baking powder," says the
smooth solicitor, "costs less than
Royal."

But he omits to say that it often
leaves a bitter taste, that food made
with it is likely to stale in a day and
that it contains alum, which is con-
demned by many medical authorities
for use in food.

England and France prohibit the
sale of alum baking powders.

ABOLITION OF STATE BOARD IS NOT NEW SCHEME

Lowden Says Many Re- commendations Were Made.

Springfield, Ill., April 29.—"Every commission, regardless of its political complexion, that has investigated taxation in Illinois in the last forty years has recommended the abolition of the State Board of Equalization, and the creation of a tax commission, Governors Oglesby, Deneen and Dunne, concurred in these recommendations. The bill now pending in the Fifty-first General Assembly is in line with those recommendations. If the State of Illinois is to make satisfactory progress and the people generally are to be protected against over-taxation at a time when immense sums are necessary for public and private business, the taxing machinery of the State must be changed."

The foregoing emphatic statement was made by Governor Lowden yesterday in discussing legislation abolishing the State Board of Equalization, and creating a tax commission of three members. Governor Lowden pointed out that three commissions had investigated the tax machinery of Illinois in the last forty years. The first commission, of which Milton Hay of Springfield, was Chairman, was appointed by Governor Richard J. Oglesby in 1855. In discussing the necessity for a change in 1857, Governor Oglesby said that "it is high time steps were taken to lift our present system of taxation to a higher and more satisfactory plane."

In 1911 a commission of which John P. Wilson of Chicago, was chairman, appointed by Governor Deneen two years earlier, recommended the abolishment of the Board of Equalization and submitted a bill creating a tax commission of three members. The Efficiency and Economy Committee in 1915 reported that the State Board of Equalization was operating under rules adopted in 1873 practically without change, that it was an inefficient body, and should be abolished. This committee also recommended the creation of a tax commission of five members.

"This brief history shows," continued Governor Lowden, "the necessity for a change. The principal objection to legislation is coming from the members of the Board of Equalization themselves, who are opposed to having their positions abolished. The necessity, however, for the change is emphasized by the numerous measures in the legislature providing for special tax rates and other methods of increasing public revenues—municipal, state and federal."

"In 1857 Governor Oglesby recognized this serious situation and sought to place a tax commission. He had seen the equalized value of property decrease \$500,000,000 under the State Board of Equalization, and recognized the ineffectiveness of the system. He had been governor of the State before the creation of the Board of Equalization, was governor when it was created, and after giving it a fair trial, recognized the necessity for a new system."

"The legislation now pending is not a sudden spasm to revise the revenue system. Our troubles as related above are nearly fifty years old. We must have a change, and there is no better time than the present, when the demand for revenue is so great that it is just that every citizen should bear his fair share of taxation, and his fair share only."

FURTHER DETAILS OF PHILP SUICIDE

Further details of the suicide of Leonard Philp, of Polo, at Moline, mention of which was made in last evening's Telegraph, are given in the following dispatch from East Moline:

Leonard Philp, a prominent attorney of Polo, Ill., committed suicide by leaping from the street car bridge between Watertown and Campbell's island into the Mississippi river at 9 o'clock Monday morning. His body was rescued from the water by two street car men in a row boat, but all efforts at resuscitation failed.

Philp was a patient at the Watertown hospital for insane, having been committed for treatment several months ago. He had displayed remarkable brilliancy for a man in a deranged frame of mind, and he was frequently employed at work in the office of the hospital.

He slipped away from his cousin, Miss Minnie Haeker, who has been staying with him, and others of the parole party. He exchanged greetings with several men at the Moline ice houses at the river front and then walked several rods out on the bridge.

According to eye-witnesses, Charles Hahn and Fred Erickson, who were at work removing driftwood which had lodged against the bridge, Philp meditated a moment, swung his arms in the air, and jumped into the river.

They stated that he may have regretted the deed, for he struggled to keep afloat. The two men secured a row boat and hurried to his rescue. He was brought to shore but too late to save his life. Dr. G. F. Johnson was summoned, and with physicians from the hospital worked over the body for more than an hour, but to no avail.

Philp was 35 years of age, a graduate of the law school at Northwestern university. Officials say that he was mentally depressed when he was admitted to the institution several months ago, but he had given evidence of vast improvement.

Australia to Deport Germans Now Interned

By Associated Press Leased Wire
Melbourne, Tuesday, April 29.—(Delayed)—The commonwealth of Australia plans to deport interned Germans beginning late in May it was announced today. The internees, who are for the most part Germans previously residents in Australia, the crews of captured ships and prisoners transferred to the commonwealth from the east will have the right of appearing before special magistrates and showing cause why they do not wish to be returned to Germany.

Robert Sterling is reported to be quite ill.

LENINE AND TROTSKY EXPECT POWER TO BE

SHORN; SEEK REFUGE

Sweden, Denmark, Norway Refuse to Give the Permission Asked.

By Associated Press Leased Wire
Archangel, Monday, April 28.—(Delayed)—American and British troops at Kurgoman, on the right bank of the Dvina, repulsed a strong bolshevik attack Sunday night, taking 13 prisoners.

POLES MARCH ON MINSK
By Associated Press Leased Wire
Paris, Tuesday, April 29.—(Delayed)—(French Wireless Service) Polish troops having driven the bolsheviks from Vilna are marching on Minsk according to information given the Temps by M. Wasilewski, formerly Polish foreign minister.

LENINE FEARS FUTURE

By Associated Press Leased Wire
Washington, April 30.—Official advice reaching Washington through a neutral source said that bolshevik leaders Lenine and Trotsky were seeking a refuge outside Russia fearing a possible overthrow of the soviet government.

The significance of these advices as officials view the information is that the two bolshevik leaders realize that the days of bolshevism are numbered and are preparing the way for flight when the time comes.

Sweden, Denmark and Norway according to advices have refused to entertain the suggestion that Lenine and Trotsky be given refuge there and the latest report said the German government had advised them that their presence in that country would be unwelcome at the present time. Switzerland and Spain have sent equally definite refusals to permit Lenine and Trotsky to find a haven within their borders. According to the reports Hungary has not refused the request but has made no reply as yet to the proposal.

PERSONALS

Webster Poole is confined to his bed by sickness.

Mrs. Ira Lewis has returned from Hot Springs, where she spent several months.

—Fancy California oranges, 40c doz.; evaporated milk, 14c can; good pork and beans, 15c can; best grade of peas and corn, 15c can; 10 lbs. best granulated sugar for 95c, with order; matches 6c a box; soap, 6c bar; sweet pickles, 15c doz. or 2 doz. for 25c; Good Luck butter, 35c; Zephyr flour, every sack guaranteed. We pay highest prices for strictly fresh eggs. Free delivery. Open nights. Tetrick's grocery, phone 103.

Mrs. Herbert Carolus, of Sterling, spent Monday with Dixon friends.

A read very pertinently asks: "Whomell would want to be Queen of the May in such weather as this?"

Barn dance at H. A. Bahen's, 3 miles south from Dixon on Chicago Road, Thursday, May 1. Good music. All invited.

Mrs. B. H. Lyon and party were in Dixon yesterday from Amboy to spend the day.

George Hardesty, of Pine Creek, was in Dixon yesterday.

Mrs. Floyd Oshaugh and daughter and Mrs. Ross Bovey were here today from east of town.

Mr. and Mrs. E. C. Kennedy returned last night from a few days' visit in Chicago.

Mrs. Lester Reid, of Lee Center, was in Dixon today.

Miss Mary Hintz is shopping today in Chicago.

Mrs. Sarah H. George and Mrs. Geo. Sanders, of near Ashton, motored to Dixon yesterday on business.

Fred N. Vaughan of Amboy and G. H. T. Shaw of Lee Center, were in Dixon yesterday.

Moose Meeting—There will be a regular meeting of the Moose lodge this evening.

(The action of the fourth act is supposed to begin at the time five minutes before the curtain falls at the end of Act III.)

The play is to take place on the afternoon and evening of the same day in August.

WILL CONSIDER PEACE TREATY WITHOUT ITALY

(Continued from Page One)

who are now at Versailles.

ORIENT PROBLEM SETTLED
By Associated Press Leased Wire

Paris, April 30.—A formula for the solution of the problem of Kiao Chau, which it is hoped will remove any possibility of a definite break and prove mutually acceptable to the Chinese and Japanese, has been reached by the powers, it was stated in authoritative quarters today.

The nature of the indicated solution, however, has as yet not been disclosed. The council of three met today a half hour earlier than usual. While no program was announced it was believed the Italian situation as developed by the parliamentary endorsement of the Italian delegation's position was to be considered and the discussion over Kiao Chau resumed.

Neither the Japanese nor the Chinese delegates appeared during the first hour of the session, nor was there any appearance on the part of the Belgians, whose financial claims have been under consideration by the council.

It was understood, however, this forenoon, that the Japanese would be called in during the afternoon for further consideration of the suggested compromise regarding Kiao Chau.

TAKE TESTIMONY IN MURDER TRIAL

(Continued from Page 1.)

settle some trouble with a certain man. The two defendants, Johnson and Lucas, met Wilson in Nelson and the three proceeded to George Bush's quarters. That "Curley" Wilson conceded behind a fence, shot at George Bush, but missed him, while Johnson looked on, peeking from behind a building.

That Bush ran from the place and that Wilson called to Johnson, asking him why he let Bush get away. That the three, Wilson, Lucas and Johnson, tried to follow Bush, but that it had become dark and they lost him, and that the three ambushed themselves and laid in wait for Bush to appear. That Bush had gone to a small rest house used by William Bush and William Coles, where they waited for engines to come up to be unloaded of their fire, which was their work. That shortly after 6 p. m. an engine came up, whistled for the engine tenders, and that William Bush and William Cole left the place and that George Bush accompanied them, as they walked toward the engine. That as they neared the engine they heard some one call out "there he goes" and that Johnson, Lucas and Wilson all appeared, revolvers in hand, and all commenced shooting. That George Bush, who was carrying a gun for protection, tried to draw his weapon after the others started shooting, but that his gun jammed, and he could not return the fire, and so started to run. That J. E. Johnson, one of the colored men on trial, raised his gun and fired once more. That Johnson was standing somewhat in the shadow an that Bush was in the light of the electric lamps and that Johnson again raised his gun, took careful aim, and fired again. That on the second shot Bush leaped into the air, as though struck, ran about 30 or 40 feet, and dropped dead. That previous to the finding and killing of Bush, the three indicted men had gone to the office of the company, in the roundhouse, and that as a man came along, he was covered by the guns of the three negroes until they saw that he was not George Bush. That Johnson told several men they were looking for Bush. That they expected Bush to come through the office and waited there, planning to kill him on sight. That after the shooting of Bush the three boarded a train and were fugitives from justice for three weeks. Two of them being captured at Hannibal, Mo., by the good work of the sheriff's office and that Wilson was with the other two just before their capture in Hannibal. That the men, when apprehended, denied their names or any knowledge of the affair, but were forced to admit their identity when confronted by the Lee county authorities, who knew them.

Says Johnson Killed Bush.

That R. E. Johnson fired the shot which killed George Bush and that all the defendants were equally implicated in the assassination of the Nelson negro. Mr. Edwards stated that he would prove that the murder was the most

deliberate and cruel ever committed in Lee county and that, if so, a crime that demanded the death penalty be inflicted upon the two men on trial.

All witnesses in the case were then sworn, on order of Judge Heard, and then excluded from the court room. Judge Heard also cautioned the audience against whispering, laughing or doing anything that might create an atmosphere which might affect the jury.

Cole On Stand.

The star witnesses for the state were William Cole and William Bush, both colored. Cole was called first and gave a very clear and strong statement for the state. Cole testified that he was at his quarters between 5 and 6 p. m. on the day of the shooting, and that R. E. Johnson, a Mrs. Smith and Cleveland Chadwick, all colored, approached his place. All seemed friendly, he said, and shook hands. Then George Bush appeared, and he and Johnson shook hands. According to Cole, Johnson then asked Bush what all the trouble in Nelson was about and that Bush answered that he had gotten a dirty deal. He said that he saw Curley Wilson kneeling behind a nearby fence. That Johnson told Bush to go inside the house and that as Bush stepped away, Wilson shot at him from his place of concealment. That Bush broke and ran from the spot and that Wilson leaped over the fence and came up, asking Johnson why he didn't "kill the black nigger."

Wilson then according to the testimony told Cole and Chadwick to get off the place. Lucas came up from behind a building. Cole said one of the men then asked Lucas if he didn't see that fellow run and why didn't he shoot him and that Lucas replied that he did not see him, and they then left, following Bush, he testified.

Cole then told how he and William Bush were in their shanty waiting for an engine when George Bush came in, and how a few minutes later, they went out to work and that George Bush went with him, carrying a lantern. The next morning, he said, George Bush next and William Bush came last. He heard someone say, "There goes that black nigger now," and when he looked up, he saw Lucas, Johnson and Wilson standing near the door of the office and partially hidden behind a big air tank.

All Three Opened Fire.

Cole then testified that Johnson, Lucas and Wilson all opened fire upon George Bush with revolvers, each shooting several times and that Bush tried to return their fire, but that his gun appeared to jam. He said that finally he saw Johnson aim and fire, and then to fire again, and that on the last shot Bush jumped in the air, ran and soon fell dead.

Bush Pulled His Gun.

Attorney Cannon, for the defense, on cross-examination of Cole, brought out the fact that at the earlier encounter near Cole's quarters, when Johnson ordered Bush to go in the house, Bush pulled a gun and covered Johnson with it. Cole testified on cross-examination that Johnson and Bush appeared to be friendly up until this time. Cole said that he stood about 60 or 70 feet from the spot where the three alleged slay-

ers stood when they were shooting.

William Bush Called.

State's Attorney Edwards next called William Bush of Dixon to the stand and he told of his conversation with Johnson and Lucas on the train going to Nelson that afternoon, when Johnson said they were going there to settle some trouble between Curley Wilson and George Bush. He also told how he and Cole were in their shelter waiting for an engine when George Bush came in and how they all went together and heard some one shout "look out Bush" and then Johnson, Wilson and Lucas all started firing at George Bush from their station near the air tank by the office door. William Bush said that several bullets whizzed near his head and that he moved out of the line of fire. He said that after the others started shooting, Bush drew his gun and tried to return the fire but that his gun would not work. The Dixon man told the court and jury that all three, Wilson, Lucas and Johnson were firing at Geo. Bush when they started to run away and that Bush still had his own gun in his pocket when the three opened fire on him.

On cross examination Bush denied that he had testified before the coroner's jury that the three alleged assassins were hidden and protected by the dark.

The state next called Gus Ganos, an employee of the railroad at Nelson who testified that he was in the office of the roundhouse when the shooting started and that he was in the office of the roundhouse when the shooting started and that he was in the roundhouse office when Johnson, Lucas and Wilson came in. Wilson had a gun in his hand at the time. They told Capatello, he says, that they were looking for Bush.

Cross-Examination.

On cross examination by Mr. Gannon, Capatello said he saw none of the shooting, but heard the shots. He said that when the first shots were fired he closed the half door, dividing the office proper from a hallway and that at that time, the outer door was closed. He then stood in the corner, close to the walls, until the shooting was over, and was not in a position to see the outer door. Ganos, the witness preceding him, had testified that he had seen Johnson shooting, from the door of the office. Capatello said that directly after the shooting Johnson tapped on the office window and shouted something about the sheriff, but that he could not hear all he said.

In cross-examination, Attorney Gannon introduced photographs of the scene of the shooting, which were used in establishing location in the testimony and the various points marked by order of the court.

"BEST IN THE LONG RUN"

FEEDING SEASON OF LEE CO. PIG CLUB WILL BEGIN JUNE 2

Rules for Second Contests of Members Are Prepared.

The Pig club committee of the Lee County Breeder's association has sent out a circular letter from the office of the County Advisor L. S. Griffith at Amboy which contains complete information and the rules of the club to be conducted this year. Last year 56 boys and girls of the county entered the club and made good profits in their pigs besides getting some valuable experience in the handling of pure bred stock.

D. E. Warren, assistant county advisor has been appointed to take charge of the club this year and is sending out the following list of rules:

Who may be a member—Membership in the Lee County Pig club is open to young people of Lee county between the ages of 10 and 20, inclusive.

How to enroll—Application for enrollment shall be made on the membership card for that purpose, and shall be sent to the County Club Leader on or before May 15, 1919. Club members should indicate on enrollment card the breed of pig desired.

How Pigs are secured—The Pig club committee will purchase from Lee county swine breeders, pure bred pigs farrowed after March 1 and weighing about 40 pounds.

How pigs are to be distributed—The pigs will be sold to the club members and distributed by allotment at the Lee County Fair grounds at Amboy, Monday, June 2, 1919, beginning at 1:30 p. m. The price of the pigs will be from \$15 to \$25 according to size. Payment may be made either by cash or bankable note at the time and place of distribution. The committee prefers that bankable notes be given because of the business training such experience will give. All pigs will be eligible to registry, and copy of pedigree in application form will be furnished if desired.

Season To End October 1.

Length of feeding period—The feeding period shall begin June 2, 1919, and close October 1, 1919.

What records are required—Each club member will be required to keep an accurate record of feed, labor, and all expenses covering the period June 2-October 1, inclusive. The pigs must be weighed at the beginning and the end of the feeding period, and if possible at the end of each month, and gains determined. Record books for this purpose with full instructions will be furnished free to each member. The records must be completed and returned to the County Club Leader on or before October 5, 1919. Accompanying the feeding record each member shall submit a story of his or her experience in the Pig Club. An outline for this story will be found in the record book.

Round-Up and Sale.

The club round-up and sale—Each club member will be required to enter and exhibit his pig at the annual club round-up and sale which will be held about the middle of October. The place and date of the round-up and sale will be announced later.

A pedigree in application form for registry will be furnished with animal sold.

An amount not exceeding three percent of the sale price of each pig will be deducted to cover sales expenses. Balance will be paid direct to club member.

Club members will have the privilege of bidding at the sale and of buying their own pigs if they made the high-

est bid. In such case the club member's proportion of the sale expenses must be paid before the animal is removed from the sale barn.

What prizes may be won—Liberal first, second and third prizes will be awarded for the best pigs of each breed. Pigs will be judged from the breeding and not the market standpoint.

A championship prize in each breed will be awarded to the club member who makes the best club records upon the following basis:

The best pig from the breeding standpoint, 40 per cent.

Average daily gain, 20 per cent.

Cost per pound of grain, 20 per cent.

Records and story, 20 per cent.

The form of application card which is being mailed out may be clipped and returned to the Lee County Breeder's association office at Amboy by those who desire to enroll in the club this year and receive pigs. The application is as follows:

LEE COUNTY PIG CLUB.

"I hereby make application for membership in the Lee County Pig club and if admitted I will follow all rules and instructions, attend all club meetings if possible, keep an accurate record as required and send a complete report to the County Club Leader on or before October 5, 1919. I further agree to enter and exhibit my pig at the annual Club Round-up and Sale.

Ford
THE UNIVERSAL CAR

The Ford One Ton Truck is one of the sure business utilities, and likewise just as big a necessity on the farm. Farming is surely a business proposition wherein success depends upon economical methods with up-to-date machinery. The Ford Truck will prove a great economy on the farm. The marvel is "how the farmer has got along without it all these years." It is a servant that serves, always ready and always economical. Price \$550, without body, f. o. b. Detroit.

Geo. Nettz & Co.
Dixon, Ill.

Women Need Swamp-Root

Thousands of women have kidney and bladder trouble and never suspect it.

Themen's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. Pious kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Swamp-Root in the back, headache, loss of about the nervousness, are often times to its use of kidney trouble.

Delay starting treatment. Dr. J. C. Kilmer's Swamp-Root, a physician's preparation, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Birmingham, N. Y., for a sample bottle. When writing be sure and mention the Dixon Evening Telegraph.

Finding a Market for the Producer

WITHOUT a market, agriculture could not be the basis of our national prosperity that it is. Marketing turns production into wealth and those agencies that help farmers find profitable outlets are important aids to the country's welfare. Stripped of all discussion, the function of the packers is to find markets. Because of their success in doing this, Armour and Company are today "The American Farmer's Biggest Customer."

Outlets must be maintained for normal supply. Foreign sales must be developed for excess yield. In a shortage of any product, acceptable alternatives must be distributed to relieve the need and to keep markets ready when the yield is again heavy. Fresh commodities which will not bear transportation, and would thus be unprofitable to produce, must be packaged for reserve use elsewhere. There must be manufacture and sale of all by-products. And these are among the services which Armour and Company render—one of the economic reasons why we handle food in so many different forms.

To perform efficiently, our entire system has to operate as a whole. It will not function piece-meal. Our preparation plants, at points where foods are grown, would become choked without our four hundred Branch Houses absorbing production. Our Branches, carrying the several days' reserve supply that makes users well high independent of railroad uncertainties, must continually wage a competitive fight for sales. We must finance producers for the thirty, sixty or ninety days necessary—pay cash for raw products, and then prepare, transport and sell on customary credits. Our refrigerator cars have to be

steadily carrying the supply forward to the tables of the nation. As the Interstate Commerce Commission in its report of August last says:

"The carriers (railroads) of the country could not so effectively handle the entire refrigerator car equipment as is now done by the intervention of private owners. The meat packer could no more do business on an economical and efficient basis without his private cars than he could without his modern equipped refining or packing plant."

Marketing, however, does not consist merely in taking what producers offer and selling it. Scientific selling must begin with the best growing of those foods the country most needs. To this end our Farm Bureau was inaugurated—as a point of contact with growers and to help bring about a better understanding of mutual problems.

And it is largely because Armour and Company are thus continuously working to market the products of the American farm that you are sure of steady food supply. Understanding this, you must appreciate that in asking your dealer for Armour Products you are lending your support to a system that works to the country's economic good and to your own best interest.

OHIO

(By Esther Jackson)

Mr. and Mrs. Roy Smith and two little sons, of Sheffield, were guests Sunday at the home of H. A. Jackson.

Virgil Rensburg, of Rockford, visited relatives here the first of last week.

Mrs. Mary Inks returned Monday evening from a visit in Polo.

Miss Charlotte Sheehan, who is a teacher in one of the Chicago schools, is visiting at the home of her mother, Mrs. Ann Sheehan.

St. George Yepsen, who has spent nineteen months in service overseas, has received an honorable discharge and returned home Saturday evening.

Mrs. and Mrs. Otto Armstrong and little daughter Josephine, of Moline, spent the week-end with relatives here.

Sharon Lodge No. 627, I. O. O. F., entertained their families and the members of the Liberty Bell Rebekah Lodge last Thursday evening with a banquet and musical program in honor of the 100th anniversary of the founding of the order.

Ohio township went over the top on the opening day of the Victory Loan drive, the quota being \$67,000 while the subscriptions amounted to \$70,000.

Albert Smith, son of Mrs. Della Smith, of this place, and Miss Martha Tuleksy, of Spring Valley, were quietly married at Ottawa on Monday, April 21st. Mr. and Mrs. Smith will make their home with the groom's mother in this city for the present.

The second annual alumni meeting of the Ohio High School will be held on June 4th.

Mrs. Maurice Smith and little granddaughter, of Clinton, Ill., visited relatives here last week.

Miss Mae O'Rourke, sister of Mrs. Catherine Dolan, of this city, is seriously ill at the home of Mrs. Mary O'Rourke, in Dixon.

Fred Hafner, who recently passed away at his home near Amboy, was a former resident of this locality where he made many friends who are grieved by his untimely death.

Miss Elizabeth Benson, of Dixon, was a guest of her sister, Miss Bessie, last week.

Mrs. Mary Hammer is visiting her son, Geo. Linerick, and family, in Malden.

A. C. Ruff went to Peoria Tuesday

where he was one of a class of 66 who took the Shriners' degree in Masonry.

Mr. and Mrs. H. A. Jackson and daughter Dorothy were Maiden visitors Friday afternoon.

Clyde Siler and family were recent guests of his brother Mark at Camp Grant.

Mrs. Benj. Abraham and little son, Charles Doty.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

PERUNA and MANALIN Cured Me

Mrs. E. M. Harris, R. R. No. 3, Ashland, Wis., sends a message of cheer to the sick:

"After following your advice and using Peruna and Manalin, I was cured of catarrh of the nose, throat and stomach, from which I had suffered for several years. When I commenced taking Peruna I could not make my bed without stopping to rest. Now I

Catarrh of the

GRIP, INFLUENZA

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and sniff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "Flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 50c at druggists. Guaranteed.

Velvet
THE SMOOTHEST SMOKING TOBACCO
Smoke over your problems. A little drawin' on a fren'ly pipe often saves a heap of drawin' on a bank account.
Velvet Joe
Velvet is a friendly tobacco in the truest sense, because, like friendship, it has been allowed to ripen naturally—nothing forced or unnatural.
There are "hurry up" ways with tobacco but only patient ageing (two years in wooden hogsheads) can bring out the mellowness that sets Velvet apart.
You know what mellowness is—now think of a good friend who is never harsh to you.
There you have the *big thing* about Velvet—*mellow friendliness.*
You and Velvet—begin your friendship today.

await events.

"The principal necessity now is that all in common fervor and devotion to mother country, should determine with sincerity and harmony, to face the outcome of this great battle which faith might have spared us. Once again I plead that in this hour of immense responsibility for all, the truce may continue between men's differences and the conflicts of parties.

"Let us wait until tomorrow to renew our struggles. They will be illuminated by the glory of a greater Italy."

Presents Notable Scene

The scene in the chamber of deputies as the premier delivered his address to a crowded house was a notable one. Enthusiastic cheers greeted the arrival in the chamber of the premier and of Foreign Minister Sonnino, and these were repeated as telegrams were read from Fiume, Zara, Sebenico, Spalato and the island of Zadar demanding their annexation by Italy.

The prime minister, pale with emotion, received an ovation which lasted several minutes, while the result of the vote on the motion of Deputy Luzzatti was hailed with a deafening storm of cheers. The text of the resolution adopted by the chamber follows:

"The chamber, the guardian of the dignity and the interpreter of the will of the Italian people, declares itself in union with the government and confirms its full confidence in it for the defense of the supreme rights of the nation and for securing a just and durable peace."

HIS GOVERNMENT GETS UNANIMOUS VOTE CONFIDENCE

(Continued from page 1.)

Fiume. He added that they might have agreed, in principle, for the creation of Fiume as an independent free state. In discussing the American memorandum, which was handed to him April 14 and which was distributed among the members of parliament today by the premier, Signor Orlando said:

Wilson Plan Impossible
"Inasmuch as this memorandum denied Italy's rights over the Dalmatian islands, accorded only incomplete liberty to Fiume and even went so far as to break up the unity of Istria, I told Mr. Wilson it was absolutely impossible for me to agree to peace on the conditions indicated. I added that under such conditions the Italian delegation felt it could not continue to participate in the conference with any benefit for others or dignity for Italy, but said I would communicate with representatives of the allied powers with which Italy was bound by special agreements.

"President Wilson showed great regret for such a hypothesis, adding he would do everything possible to prevent it. He said he thought it opportune and useful that France and England should undertake to find a means of conciliation while he would have the question re-examined by his experts to see if further concessions could be made to Italian aspirations.

Then Wilson's Message
"The Italian delegation did not maintain an obstinate attitude, but cooperated during the following days in efforts to find a way to conciliation. It was anxious not to delay peace and to avoid compromising the union of the allied peoples, even by a mere appearance of disagreement. It was continuing patiently to seek a means of conciliation and was discussing the subject with the British premier when the presidential message appeared.

"This new fact seemed to the Italian delegation of enormous gravity, as it made public a dissension which until then although deep, was confined inside the conference. Beside making

CARRIER'S LIABILITY IS NOT LIMITED BY VALUE OF PROPERTY

I. C. C. Strikes Out This Provision in Lading Bills of Future.

By Associated Press Leased Wire
Washington, April 30.—Limitation of the carriers' liability by the value of property at the time and place of shipment was held by the interstate commerce commission today to be illegal. This long standing provision of bills of lading was ordered stricken out in its entirety from the uniform bill prescribed by the commission as a result of its exhaustive investigation, begun last year, into the contracts required by carriers before undertaking the transportation of freight.

In prescribing a uniform bill for export shipments, however, the provision was retained, as the Cummins amendment to the commerce act which the commission was held to contravene, was ruled to be inapplicable to shipments to non-adjacent foreign countries.

New Bills by Aug. 8
The new bills of lading were ordered put into use by all carriers subject to the commission on or before Aug. 8, with 30 days' notice to the public of the change.

The commission held that it had authority to enforce the statutory law in regard to bills of lading and that numerous complaints of "unfair and varying practices of carriers" in regard to such bills made a uniform contract imperative.

The report issued today, written by Commissioner Robert W. Woolley, related only to domestic and export bills. The livestock contract will be considered in a supplementary report. Additional forms for such special traffic as coal and perishables were held to be unnecessary.

Fear of becoming a so-called old maid has caused many a lovely girl to jump out of the frying pan into the fire.

Today's Market Report (By Associated Press Leased Wire)

CORN CONTINUES TO DECLINE AS SALES INCREASE

By Associated Press Leased Wire
Chicago, April 30.—Notwithstanding that yesterday witnessed the largest setback ever known for prices of corn during a single session of the board of trade, excited liquidation by holders continued today, and values underwent decided new breaks. The fresh selling was based chiefly on the statement of the federal wheat director that he would actively antagonize speculative efforts to hoist the cost of flour. On the other hand, current reports that owing to the severity of yesterday's decline country elevators had largely stopped offerings of corn, tended at times to rally the market. Opening prices, which ranged from 1/2c to 1/4c lower, with July 1.52 to 1.53 and Sept. 1.47 to 1.49, were followed by a reaction in some cases to the same as yesterday's close, but then by a drop to the bottom of the initial range.

Oats paralleled the fluctuations of corn. Trade in oats, however, lacked the feverish activity which characterized the dealings in the leading cereal. After opening 1/4c to 1/2c off with July 68 to 68 1/2c, the oats market recovered moderately but later sagged again.

Weakness of quotations on hogs and corn pulled down prices of hams. The cheapest fall was for pork, \$1.40 a barrel. Covering by shorts brought about sharp bulges later, although just before the close a sudden transient fresh break resulted from assertions credited to Julius Barnes at St. Louis that two high prices for corn and oats would be frowned on by the government. The close was extremely nervous, at 1/4 to 1/2c net advance, with July 1.56 to 1.56 1/2c and Sept. 1.52 to 1.53.

Chicago Livestock.

By Associated Press Leased Wire
Chicago, April 30.—(U. S. Bureau of Markets)—Hogs: receipts 17,000 market very dull, mostly 10c to 20c lower than yesterday's average.
